RECORDS LIAISON APPOINTMENT

When appointed by a records officer, a records liaison can perform certain records management functions approved by the Vermont State Archives and Records Administration, including authorizing the destruction of records at the State Records Center and authorizing agency/department personnel to view records at that facility. The records officer however remains ultimately responsible for all aspects of his or her records program. *A records officer may appoint up to two liaisons per division or district office.* **Please complete all fields (Records Liaison #2 may be left blank if only one liaison is being appointed).**
